

[Bandwith is everything]

Heavy network load? Try the SYSTIMAX® GigaSPEED® XL Solution from Connectivity Solutions and Avaya. It outperforms Category 6/Class E standards by an incredible 400%. At Connectivity Solutions, we know you're facing more network congestion, time-outs and delays every day. But SYSTIMAX SCS, the world's leading cabling solution, has the answer. The GigaSPEED XL Solution. Every component works together to deliver superior electrical performance that exceeds ISO/IEC and TIA Category 6/Class E standards by 400%. Guaranteed. And the SYSTIMAX SCS 20-year warranty ensures that our GigaSPEED XL Solution will be working at its peak long after other systems have been replaced. So if you're looking for less downtime, greater efficiency and more power behind your network, call Connectivity Solutions today or visit our website. And let the SYSTIMAX GigaSPEED XL Solution carry that heavy network load, it has the physical power to transport it. The Relentless Pursuit Of Excellence. SYSTIMAX SCS.
